

18 Wallaby Way, Horseshoe Bay

1282m2 elevated home site

This 1282m2 on Wallaby Way offers a relatively level build site in a well-elevated area. The pine trees can be used as natural landscaping and with large gaps between them, there's an opportunity to build a really interesting property in amongst the trees or clear a larger area but retain some trees to provide a natural established boundary and shade.

Underground power, water and sewer are available in the street.

Wallaby Way captures both the south-easterly and northerly breezes well and is just 1.5km approx from the beach. It's also approx ten minutes drive to the ferry terminal and school.

Horseshoe Bay is popular with residents and holiday-makers, with its sandy swimming beach, watersports, regular markets and a good selection of shops, cafes and restaurants.
