Neat home on 1201m2

Larger blocks are fast becoming hard to come by and this neat 3 bedroom home on a well-elevated 1201m2 represents excellent value for money.

Cathedral ceilings give a great feeling of space and the combination of feature brick walls and pine cladding provide character missing from many other homes.

A screened front patio is a lovely place to enjoy meals or a cup of tea whilst enjoying a view of the hills and the breeze and has two sliding door accesses directly into the living area and large air-conditioned main bedroom.

All 3 bedrooms are accessed off one side of the living area and all feature built-in-wardrobes while the kitchen, bathroom and laundry are all on the eastern side of the home.

Keen gardeners will love it here with several established fruit trees, chook house and veggie enclosures with room for more, plus a pool and large shed should you require it. There's a small garden shed and carport - more external photos will be added shortly.

Fenced for pets and with solar to keep the bills down, this house would suit an owner occupier or as a rental investment.
