22 The Grove, Nelly Bay

Character Home with Bush Backdrop

Backing onto the seasonal Gustav Creek which is beautiful in wet season and yet very centrally located in Nelly Bay, close to the school and shops, is this unique home built for the tropics.

With banks of louvres and doors forming the walls right across the front and rear of the living area, combined with covered outdoor areas on both sides, beautiful cool breezes penetrate the home whichever direction the wind is coming from. The sunken lounge and slate floors will appeal to those looking for something a little different, although it would be relatively easy to fill in the sunken lounge if so desired.

The patio to the front of the home catches some filtered morning sun, perfect for a winter morning cup of coffee yet also in summer the south-easterly sea breezes keep it very pleasant. A large deck opens up off the back of the living area and is the perfect place to sit and watch the birds and wildlife come and go in the back yard framed by the established trees of the creek and the mountains in the distance. At 1012m², this is a great size block if you need space for a pool, kids, or pets. There is a good size garden shed for the avid gardener.
